Drinking Water State Revolving Loan Fund

DWSRF Eligible Project Submittal

Please provide all available documentation (comprehensive system or facility plans, alternative analyses, pilot or engineering studies, etc.) that supplies the information requested below and supports the DWSRF eligible project for which your water system is seeking DWSRF financial assistance and planning to undertake construction during the next two years. A separate form should be completed for each project. This completed form, the attached project cost estimate form and all supporting documentation should be submitted to the **DWSRF Program, 11 State House Station, Augusta, ME 04333-0011**. If you have any questions regarding this project submittal process, please contact Roger Crouse at 287-5684.

(For an electronic version of this form visit "Download Documents" on the DWP website at www.medwp.com)

Name of public water system _____ PWSID # _____

Name and title of person completing this form _____

Name and title of contact person at system _____

Address _____ Telephone # _____

Town _____ State _____ Zip Code _____

Annual water rate (Based upon 2000 ft³/quarter usage) _____

Service Area MHI _____ (Include MHI data from 2000 census or more recent system wide income survey. Contact the DWP for income survey requirements.)

Number of service connections _____

Type of water system ☐ Community ☐ Non-Transient ☐ Transient

☐ Public ☐ Private for profit ☐ Private not for profit

Financing needs ☐ Long Term Loan only

☐ Short Term and Long Term (interim construction loan plus long term)

Project description: (Attach additional pages if necessary)

Purpose or need for project. Include a discussion of alternatives analysis conducted if you are developing a new source or substantially modifying existing or adding new treatment. The alternatives analysis must include all feasible options including consolidation with other systems. (Attach additional pages if necessary)

Is the project proposed as a result of recommendations in a Facility or Master Plan? _____

If yes, please provide summary of the Facility or Master Plan. _____

Have plans and specification been started? _____ Percent complete? _____

Estimated project schedule: (month/year)

Start of design_____ Design complete_____ Estimated bid date_____

Start of construction_____ Construction complete_____

Design Engineer_____

Project Cost Estimate: **Complete the Estimated Project Cost form**

If your PWS is regulated by the Public Utilities Commission (PUC), please enclose a copy of your most recent annual report to the PUC if you wish to be considered for “disadvantaged assistance.”

Your priority ranking will depend upon the completeness of your application materials. Please include all pertinent information. Incomplete applications will not be ranked.
